

'Blat' drug 'mule' nabbed in Bangkok

By James G. Brown

THE INTERNATIONAL CRIMINAL COURT (ICC) has ordered arrest warrants for two Thai men suspected of being drug mules in connection with the seizure of a large amount of cocaine in Bangkok last year.

The two men, a 30-year-old and a 28-year-old, were arrested in Bangkok last year for moving large quantities of cocaine across the border.

According to the ICC, the two men were arrested in the summer of 2014 and charged with transporting large quantities of cocaine across the border.

40,000 purged from Maguindanao voter's list

MANILA, Jan. 29 (AP) — The Commission on Elections (COMELEC) has purged 40,000 names from the voter list in Maguindanao province, citing a lack of valid identification documents.

COMELEC officials said the purge was necessary to ensure the integrity of the upcoming May 2010 national elections. They noted that many of the purged names belonged to individuals who had moved or died without updating their records.

The purge affected both urban and rural areas of the province. Officials expressed concern that the removal of these names might lead to voter fraud or manipulation of the electoral process.

COMELEC officials said the purge was necessary to ensure the integrity of the upcoming May 2010 national elections. They noted that many of the purged names belonged to individuals who had moved or died without updating their records.

Manila, Philippines: Researchers in a laboratory.

MANILA, Philippines (AP) — Researchers in a laboratory in Manila, Philippines, are working on a new method for detecting and identifying the presence of the H1N1 virus. The researchers, who are part of a team led by Dr. [Name], have developed a rapid test that can identify the virus within 15 minutes. This is a significant improvement over the standard test, which takes several days to produce results. The researchers hope that their new method will help in the early detection and treatment of the virus, which has caused a global health crisis.

'Nothing wrong with House of Arroyos'; there are other families like that

THE TRUTH BEHIND THE CHEAPER MEDICINES ACT

Senator Mar Roxas, you have passed a **WATERED DOWN VERSION** of the **ORIGINAL** Cheaper Medicines Bill filed at the 13th and 14th Congress by Representatives **Rolando Suplico** and **Fernando Biron** respectively.

We **DEMAND** that you **EXPLAIN** to the **FILIPINO PEOPLE** why your Cheaper Medicines Act sought to get **LESS FOR THE PEOPLE** and **MORE** for the **PHARMACEUTICAL COMPANIES**.

Cheaper Medicines Bill of the 14th Congress	Senate Bill 1658- Mar Roxas Version
<ul style="list-style-type: none">• Inclusion of 1500 essential medicines covered by the reduction of price• Maximum price reduction of 80-90% reduction of existing prices	<ul style="list-style-type: none">• Limited reduction coverage to only 22 essential medicines• Limited maximum retail price reduction to only 50%

You hail your **Cheaper Medicines Act** - but in reality **YOUR VERSION** is only for the elite, the rich and perhaps the middle class.

80% of our Filipino people are living below poverty line. Millions of Filipinos are suffering and even dying because with **YOUR** Cheaper Medicines Act, **THEY STILL CANNOT AFFORD** the high cost of essential medicines.

By your joint statement with your presidential candidate, if elected, you promise to further **LOWER** down the price of medicines. This is an **ADMISSION** that your version is flawed and watered down. Why then, did you not use the original bill?

Mr. Senator, we hold you responsible for the great tragedy that you have inflicted upon our people.

Rolando Suplico
Representative

WITH A RECENT trend in U.S. health care toward a more patient-centered approach, the role of the physician has changed. The physician is no longer the sole decision maker in the patient's care. The patient is now an active participant in the decision-making process. The physician's role is to provide information, guide the patient, and help the patient make a decision. The physician's role is to be a partner in the patient's care. The physician's role is to be a coach. The physician's role is to be a teacher. The physician's role is to be a mentor. The physician's role is to be a friend. The physician's role is to be a family member. The physician's role is to be a neighbor. The physician's role is to be a citizen. The physician's role is to be a human being. The physician's role is to be a doctor.

Figure 1 is a schematic diagram of the experimental setup for the study of the effect of the concentration of the reactants on the rate of the reaction. The diagram shows a reaction vessel containing a mixture of reactants, with arrows indicating the flow of reactants into the vessel and the flow of products out of the vessel. The concentration of the reactants is labeled as $[A]$ and $[B]$, and the rate of the reaction is labeled as v . The diagram also shows the effect of the concentration of the reactants on the rate of the reaction, with a graph of v versus $[A]$ and $[B]$.

**Life begins at conception.
Why put an end to this miracle?**

Life is a divine gift that begins at conception
and not at implantation.
Uphold the right of the unborn to live.
Choose life. Choose God.

Senate quorum after May 10 near-impossible

Writing lesson

By **Michael S. Roth**

Senior Lecturer in Law

As the Senate debates the bill to repeal the Affordable Care Act, the odds of a quorum are slim. The Senate has 100 members, but only 60 are needed to pass a bill. The odds of a quorum are slim.

The Senate has 100 members, but only 60 are needed to pass a bill. The odds of a quorum are slim.

NEED TO KNOW: THE GREAT DEBATE

Inadequate surveys

THE 1993 election is just around the corner. The Commission on Elections (COMELEC) has already started the canvassing process. But the results of the election will not be known until the canvassing is complete. This is because the canvassing process is a long and tedious one. It involves the counting of votes from thousands of precincts across the country. This process can take several weeks to complete. The COMELEC has already started the canvassing process. But the results of the election will not be known until the canvassing is complete. This is because the canvassing process is a long and tedious one. It involves the counting of votes from thousands of precincts across the country. This process can take several weeks to complete.

The 1993 is all about virtue behind great fortune

The 1993 election is all about virtue behind great fortune. The COMELEC has already started the canvassing process. But the results of the election will not be known until the canvassing is complete. This is because the canvassing process is a long and tedious one. It involves the counting of votes from thousands of precincts across the country. This process can take several weeks to complete. US expels Israel envoy over fake passports in day

WASHINGTON, May 13 (AP) — The United States expelled an Israeli ambassador's aide on Thursday after the aide was caught using fake U.S. passports to travel to the country.

The State Department said the aide, who was identified as a member of the Israeli Embassy's administrative staff, had used the fake passports to travel to the United States in the past several months.

The aide was expelled after being caught by U.S. Customs and Border Protection officers at an airport. The aide was also charged with using false documents to enter the country.

The State Department said the aide was expelled "in the interest of national security." The aide was also charged with using false documents to enter the country.

San Miguel shelves plan to convert Limay power plant

facility to augment night supply until May

By Joseph B. Sison

PHILIPPINE STAR, 11/11/11

MANILA, Nov. 11 (PNS) — San Miguel Corp. has shelved its plan to convert the Limay power plant into a cogeneration plant to augment its night power supply until May 2012, according to a source familiar with the company's plans.

The source said the company had been in talks with the Department of Energy (DOE) regarding the conversion, but the DOE has not yet approved the plan. The source added that the company is still studying the feasibility of the conversion and may revisit the plan in the future.

The Limay power plant, located in the province of Pampanga, is one of the largest power plants in the Philippines. It has a capacity of 1,200 megawatts and is owned by San Miguel Energy Services Corp. (SMES), a subsidiary of San Miguel Corp.

San Miguel Corp. is a leading conglomerate in the Philippines, with interests in various industries including food, beverage, and services. The company has been a major player in the power sector for several years.

ARE YOU GAY?

YOU ARE IF YOU...

- 1. When you wake up every morn'g, you think,
- 2. "How do I want to spend the rest of my life... with you or with a really hot chick?"
- 3. You're a highly successful man who only is this successful
- 4. 'cause you're a closeted gayman.
- 5. When you think of your future, you realize it's not so bright.
- 6. You're the only man you ever had... who ever really loved you.
- 7. When the director of the show is worried "People think I'm a f---in' nut" or "I'm a closeted gayman."

JIM CARREY **FRANK MCGUIRE**

I LOVE YOU PHILLIP MORRIS

Is your guitar warm?
 Warm strings are better.
 We have a new line of warm strings.
 They are made of a special alloy.
 They are the warmest strings we have ever made.
 They are the warmest strings we have ever made.
 They are the warmest strings we have ever made.

Wetland grasses
The *Phragmites australis* species
can be found in wetlands and marshes.

the fact that the 1990-1991 season was unusually successful given that catches of 100-1500 kg per 100 m² of trawl fishing were obtained in some areas. It is likely that the unusually high catches were due to a combination of factors, including a relatively high level of effort, a relatively high level of effort, and a relatively high level of effort.

For more information on this, or other, and previous seminars, go to www.amsi.com. Seminars are given without charge to all persons who: Training Unit Training I (1999-2000), Training Unit Training II (2000-2001), Training Unit Training III (2001-2002), Training Unit Training IV (2002-2003), Training Unit Training V (2003-2004), Training Unit Training VI (2004-2005), Training Unit Training VII (2005-2006), Training Unit Training VIII (2006-2007), Training Unit Training IX (2007-2008), Training Unit Training X (2008-2009), Training Unit Training XI (2009-2010), Training Unit Training XII (2010-2011), Training Unit Training XIII (2011-2012), Training Unit Training XIV (2012-2013), Training Unit Training XV (2013-2014), Training Unit Training XVI (2014-2015), Training Unit Training XVII (2015-2016), Training Unit Training XVIII (2016-2017), Training Unit Training Just with
The "just with" idiom is used to
emphasize that a positive
statement is the only one that
applies. For example, "The car is just
with me" means that the car is
with me and no one else.

SHANGHAI UNIVERSITY OF SCIENCE AND TECHNOLOGY

1. Name (in English): LIU YU
